# **1.0 GENERAL INFORMATION**

The General information section for this manual basically explains the terms of the application and the purpose for which it has been created.

## **1.1 Application Overview**

Secret Alert is an application that has been specially created for your family, friends, employees, and relatives. It allows you to be in contact with all your loved ones in the worst of the cases, providing its users with text messages to communicate with its contacts. Secret Alert operates on mobile devices with either IOS or ANDROID system.

## **1.2 Organization of the Manual**

The user's Manual consists of five sections:

1. General Information
2. System Summary
3. Getting started
4. Using the System
5. Reporting

**The General Information section** explains in general terms the system and the purpose for which it is intended.

**The System Summary section** provides a general overview of the system that Secret Alert provides to its clients, its compatible with any ANDROID operating system and any IPHONE IOS operating system. It is very easy to download either you can do it with GOOGLE PLAY STORE for ANDROID or APP STORE for IPHONE. The application requires connection to Internet in order to save data to database, Data saved in database of the application can be seen using any major Internet browser. After installation on the device, Secret Alert can be used immediately without any further configuration.

**The Getting Started section** explains how to get Secret Alert installed in to your mobile device, this section would guide you through the steps to install it.

**The Using System section** provides a detailed description on how the Secret Alert system works.

The **Secret Alert Ordering** section describes in what way the information is being collected by the applications operating system and it`s being presented to our application data base, so our clients can have access to that information as well.

## **2.0 System Summary**

System Summary section provides a general overview of the system. The summary outlines the uses of the system`s hardware and software requirements, system`s configuration, user access levels and system`s behavior in case of any contingencies.

### **2.1 System Configuration**

Secret Alert operates on mobile devices with ANDROID OPERATING SYSTEM and IPHONE IOS SYSTEM. The application requires connection to Internet in order to save data to database, Data saved in database can be seen using any major Internet browser. After installation on the device Secret Alert can be used immediately without any further configuration.

### **2.2 User Access Levels**

Everyone can use application, but only registered users are able to save data to database.

### **2.3 Contingencies**

In case there is no Internet connection available data cannot be saved in internal memory of the operating device.

## **3.0 GETTING STARTED**

Getting Started section explains how to get Secret Alert installed into your cell phone device, this section would briefly explain to you how the Secret Alert works.

### **3.1 Creating user and Login**

Secret Alert consist on basic steps to setup your account, here is a Step by Step on how to set up your account.

#### **3.1.1 Registration process**

If you have never done the registration process you would need to create your own personal account in Secret Alert by following these upcoming steps:

# Creating user and Login

1. Access Secret Alert either by downloading it through **GOOGLE PLAYSTORE for ANDROID OPERATING SYSTEM** or **APP STORE for IPHONE IOS OPERATING SYSTEM**, once you have it download you will see in the first screen an option that says **SIGN UP**, you go ahead and select the option and follow these simple steps.

*Figure 1 Main Screen*

## **Login Form.**

In the form of Log In asks us the following data:

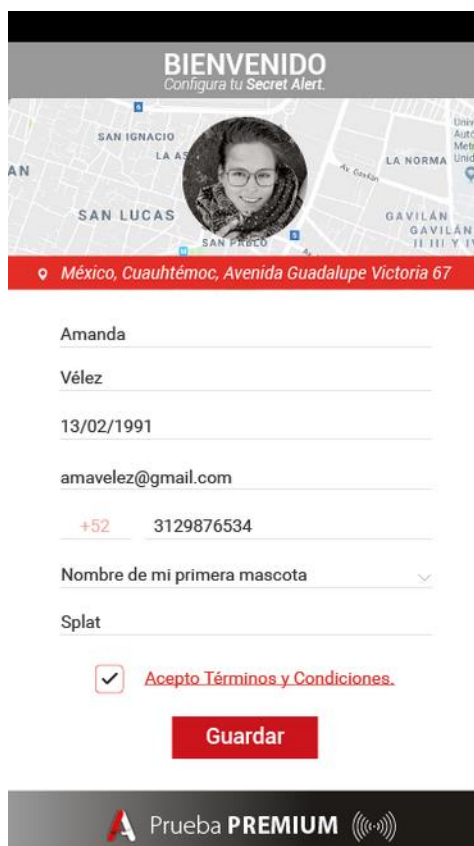

### **Email address:**

Mail from the user who has access to the application.

### **Password:**

Password that has the following values two uppercase letters, two lowercase letters, two special characters (**@, /, #, \$, %, & ...**), **two numbers (1,2,3,4,5,6, 7, 8, 9, 0)**.

2. Once you have selected the option **SIGN UP** it will automatically take you to a screen which will request some personal data to get you register and ready to go. (e-mail, name, last name, birthday date, contact number, password)

The registration screen features a header with the text "BIENVENIDO" and "Configura tu Secret Alert." Below this is a map of Mexico City with a circular profile picture of a woman. A red bar at the bottom of the map area displays the location: "México, Cuauhtémoc, Avenida Guadalupe Victoria 67". The registration form includes the following fields: Name (Amanda), Last Name (Vélez), Birth Date (13/02/1991), Email (amavelez@gmail.com), Phone Number (+52 3129876534), and Pet Name (Splat). A checkbox for "Acepto Términos y Condiciones" is checked. A red "Guardar" button is positioned below the form. At the bottom, a dark grey bar contains the text "Prueba PREMIUM" with a signal strength icon.
